## TRIBUTE OF RESPECT.

Washington Camp, F. O. S. A., On the Death of Dr. Wardle.

The following resolutions of Washington Camp No. 3 of Maysville, Ky., were unanimously adopted in memory of Dr. Charles W. Wardle:

WHEREAS, It has pleased the Almighty in His infinite wisdom to remove from our midst our dear beloved brother, Dr. Charles W. Wardle; therefore, be it

Resolved, That by his death the Order loses a beloved and efficient member and his family a beloved husband and father.

Resolved, That we meekly submit to Him who doeth all things well, and while we bow in humble submission to His will, we feel that our loss is His eternal gain.

Resolved, That our sincere and heartfelt sympathy be extended to the bereaved family and friends in this hour of sore bereavement, fondly cherishing the hope that he has gone from this Subordinate Camp to the greater Encampment to dwell with the fathers of our free America; there to receive a higher degree of honor.

Resolved, That as a token of our love and esteem for our deceased brother we drape our charter and altar for a period of sixty days.

Resolved, That these resolutions be spread upon the minutes, and a copy to be sent to the bereaved family and friends, and to be published in the daily papers, also The Camp News of Philadelphia.

Attest—  
Frank R. Dieterich, R. S.  
Committee.

## Their Cook Was Dead.

The towboat *Buckeye Boy* on her way down with a tow of timber hailed the *Telegraph* about 5 o'clock Sunday morning below Vauceburg, and when the *Telegraph* came alongside reported that the *Buckeye Boy's* cook, a white woman, was dead on board and they wished to send her body back to Catlettsburg.

When it came to getting the body, however, Captain Campbell of the *Telegraph* found that the woman was lying in her berth just as she had died about 11 o'clock Saturday night, and he refused to take charge of the body in that condition. The towboat then went on with its corpse to Rome to get an undertaker, and a physician's permit to remove the body.

The East India Company was granted a charter by Queen Elizabeth December 31st, 1800. It was the most powerful commercial and colonizing organization ever founded.

The Australian colonies have made gigantic strides. In 1800 the population was 10,000; in 1850 it was 240,000; ten years later it was 1,264,000; at present it is 3,680,000.

President L. J. Crawford of the State Republican League has issued his formal call for the meeting of the State League at Frankfort, May 31st. At this meeting delegates will be elected to the National Republican League Convention at Denver, Col., June 26th.

The Postmaster at Paris has placed in the hands of the Judge and Sheriff an anonymous letter, dated and mailed in New York, giving fair warning to not let Colonel Breckinridge speak there May 7th upon peril of a dynamite explosion intended to kill the Congressman and all who may be near him. Some give it serious thought, but others regard it as a harmless joke.

## COMING RATE WAR.

The White Collar Line Putting On Its Fighting Clothes.

At a late meeting of the stockholders of the White Collar Line of steamboats it was decided to make war to the knife with the Bay Brothers' line of steamers, in the Cincinnati and Pomeroy trade.

For the past year the White Collar Line people have been working with the C. and O. Railroad on a schedule of freight rates that has been a little high.

While this was going on the Bay Brothers appealed to the shippers with lower rates, and secured a big share of the trade.

The contract with the C. and O. expired a few days ago and was not renewed, and now the White Collar Line is about to issue a new schedule that is expected to spread consternation in the camps of all rivals.

This new sheet will be out in a few days, and will take effect from and after its appearance.

The White Collar Line is preparing to fight the Bay Brothers with a stubborn persistence.

There will be no deviating from the path of rock-bottom rates.

The Bay Brothers say come on and we will inaugurate the most stubborn rate war that has yet been had on the upper Ohio river.

The public will enjoy the benefits.

## THEY'VE GOT IT, TOO.

Aberdeen Young Men Organize a Temporary Y. M. C. A.

About fifteen members of the Maysville Y. M. C. A. crossed the river Monday evening for the purpose of assisting in the organization, on a temporary basis, of a Young Men's Christian Association.

At 7 o'clock the meeting was called to order, its objects stated, and an opportunity given for all present who desired to become members to announce their names, whereupon twenty-five of Aberdeen's choice young men signified their willingness to become members and had their names enrolled.

The new organization elected the following officers:  
President—Dr. T. Heaton.  
Secretary—Augustus Sorries.

The other officers and committees are appointed by the President.

From the way the new organization has started off we can see nothing in store for it but a path of the brightest and most pleasant prospects.

And now let the good people of Aberdeen—and the bad ones too—give the young men encouragement in their new start, and they will never have cause to regret it.

On Sunday afternoon several members from the Maysville Y. M. C. A. will visit the meeting, after which all will come over to the Men's Meeting in this city at 3:45 p. m.

THE LEDGER wishes them all the good fruits that come from an organization of this kind, and hopes it won't be long until they can organize on a permanent basis.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

**BASEBALL AT LAST.**  
Local Team Organized, and the Park Now in Readiness.

It affords us much pleasure to announce that Maysville, with the encouragement and help of the business men, has at last secured a good ball team.

The park at the Fair Grounds has been remodeled and having secured the best talent available, the facilities for good ball playing are excellent, and with the needed encouragement by lending your presence, it will not be long until old Maysville will have the representative amateur nine of Kentucky.

On Saturday afternoon the club will play the initial game, when they contest with the Concord nine, and respectfully solicit your presence.

To the ladies they extend a special invitation and beg to say that the ball team is composed of gentlemen and that the best of order will prevail, as they will have an officer on the grounds to enforce same. We assure them that they will be protected and by one visit to our park they will be convinced that Kentucky's reputation for gallantry will not be smirched. Come out Saturday and cheer the boys on to victory and make the ball club a success.

**CHEAP THINGS.**  
When You Get a Thing "Cheap," It Is Generally Very Dear.

Every right thinking person can out of his personal experience indorse the following sentiments. "Live and let live" is the sound doctrine in every walk of life, and is the enemy of cheapness, which means loss somewhere, if not to employer then to the employed; if not to seller then to the buyer, and is always a stigma on the judgment of patrons and a libel on business sagacity and honesty in dealing.

To many people a thing that is cheap has a charming attractiveness. The cheap house is praised to the skies. Cheap goods mean cheap labor and dishonest work. "Cheap" is a blood-stained tyrant! Think how cheap things become cheap, and you will be comfortless. Your soul will become your sorrow. The bold figures in our windows advertising cheap things ought to be written with blood. Prices are forced down by the wages of the workers being forced back. The purchaser says, "It is cheap." The working woman says, "It is death." God only knows how much buying on the cheap is responsible for fallen virtue. What is good is cheap at a good price. What is cheap is too dear at any price. What you can buy dirt cheap is usually dirt. Your advertised great bargains are usually great sells.

And yet THE LEDGER knows people who will "turn the town over" in search of "cheap" work—"cheap" at the expense of good material and honest workmanship.

## ONE THOUSAND PRETTY GIRLS.

They Will Make Western Hearts Beat Fit-a-Pat.

New York Press.

An army of 1,000 pretty Irish girls has invaded this country in search of husbands. Five hundred were landed at Ellis Island yesterday from the steamship, *Lucania*. They were the second battalion. The first arrived on the *Teutonic* last Wednesday. They have nearly all gone West, in the hope of finding good homes. The second battalion will probably leave today or tomorrow, after they have had an opportunity of seeing the city. In the meantime some of them are stopping with friends, while others are guests of Father Callahan's Mission of Our Lady of the Holy Rosary. He says they are the prettiest emigrant girls that ever came here.

There were less than 100 Irishmen on the *Lucania* and *Teutonic*. With the Italians it is just the reverse. Out of the 4,000 that arrived here within the past week, 90 per cent. of them were men, and the balance women and children.

## INDICTMENTS RETURNED.

Florida Bank Officials Held For Making False Entries.

The Grand Jury of the United States Court, which for some time has been in session in Jacksonville, investigating the failure of the Orlando National Bank, which occurred last August, has brought in fifteen indictments each against Nat Poyntz and Ollie Poyntz; three each against W. R. O'Neil, J. B. Paramore and K. H. Lee.

All are charged with misappropriation of funds and making false entries.

The Grand Jury is still investigating the case, and is expected to find about forty more indictments against the officers, directors and stockholders of the bank.

Nat and Ollie Poyntz were President and Cashier, respectively, and the others were Directors.

The men indicted are among the most prominent residents of the state. The bank was thought to be one of the strongest in Florida, and its failure and subsequent developments caused great excitement.

THE LEDGER is in position to say that matters will be satisfactorily explained when the case comes to trial, and that no one has suffered loss by the Bank's misfortunes.

On Grassy creek, Lewis county, an unknown miscreant went to the pasture of James Bradley, hamstringing his cow and cut off her ears and tail.

The above forecasts are made for a period of twenty-four hours, ending at 8 o'clock to-morrow evening.

THE OLD CREEK AND THE NEW.

They have straightened it and spoiled it, Left it stripped of every charm. It is but a common ditch now, Not the glory of the farm. Just like everything that's modern It is always "on the go." This is not the lazy, purring, Wandering creek I used to know.

Once its banks were soft and grassy, Now they're clayey, steep and bare, There are now no creases in it, Though they once were everywhere. And the pools were 'mong the lillies, Minnows darted to and fro— This is not the rippling, babbling, Flowery creek I used to know.

There are now no pebbly shallows, There is now no waterfall; There's a bridge where once a tree served, Lying where it chanced to sprawl. And the cattle do not seek it When the summer sun's aglow— This is not the winding, springy, Cooling creek I used to know.
